## University of Stavanger

Strategy 2030: Building knowledge to meet societal challenges

Universitetet i Stavanger

- We will be an open and innovative university that demonstrates a high quality of education, research and artistic development work
- Our common direction will be guided by the responsibility for sustainable transition
- We will be characterised by a high level of well-being among students and staff
- Energy, health and welfare and learning for life constitute our areas of priority

Green transition

Learning for life

Cross-disciplinary cooperation  
and co-creation can hardly be overstated

7

## Headwinds are building

Policy concerns

- Investment in higher education and research
- Centralisation vs de-centralisation
- Research vs education
- Internationalisation vs national approach

8

## «When the going gets tough,...»

Priorities going forward

- Making room for priorities
- Cooperation and co-creation
- An innovative university
- Concerns for research
