Termination of Collaboration Agreement with the University of Haifa

Dear Prof. Yori Gidron,

I am writing on behalf of the University of Stavanger (UiS) to formally notify you of our decision to terminate the institutional collaboration agreement with the University of Haifa.

As you may be aware of, the UiS Board of Directors recently (6th of June 2024) made a unanimous decision to end all institutional cooperation with Israeli universities due to the ongoing and flagrant violations of international law in Gaza. Our commitment to help uphold human rights has led the UiS Board of Directors to take this step.

Consequently, UiS will no longer engage in any joint projects on an institutional level with the University of Haifa. Furthermore, we will refrain from entering into new agreements with any Israeli institutions during the on-going war in Gaza.

Thank you for your understanding.

Sincerely,

Prof. Eldar Søreide
Dean of the Faculty of Health Sciences

Magdalena Brekke
International Coordinator
